CARE INSTRUCTIONS & TERMS & CONDITIONS FOR 3D ART

3D Art is a new concept that has been developed by a local Australian Artist. The moulds are all made in Australia, adhered by very strong adhesives and placed onto a canvas, these moulds are made of **plaster** and have had various mediums added. The paint used to paint these moulds have a sun barrier protection coating. The texture used by the artist is a mixture of 3 different mediums to give the art a rough textured almost sandstone appearance but lighter in weight.

All the ART is individually hand made.

We at 'Bella Artista treat our canvas and plaster moulds with a anti fungal agent.

People look and find the art very interesting and impressive that it has such an amazing texture and then they find out it's on canvas and love it.

The most common question you will be asked :-is "can it go outside"?answer **yes....** under pergola's!

The art was designed to be a beautiful piece of wall art inside the home, but it appears that people want them outside, under pergolas is fine away from rain, the back of the canvas can be sprayed with a water proofing agent called Shelly's waterproofing spray a few times a year if they wish to protect the back of the canvas further, although we at 'Bella Artista treat our canvas and plaster moulds with a anti fungal agent ,we recommend them for inside the home or under rain protection area's .

Please ensure that when selling a 3D ART you explain it is plaster and to be careful when handling. Refer customers to the back of the ART care instructions.

Wrapping the Art:- All art is supplied on delivery wrapped in acid free paper and new Kraft wrap this material allows the canvas to breath if storing for long periods of time. Normal bubble wrap material is not suitable for wrapping a canvas product.

Orders and Terms and conditions Policy

Please note all 3D art pieces are individually hand made to order, therefore no two pieces are identical. Once orders are placed and delivered there is a no REFUNDS policy. Any damage during transportation will be rectified. Please ensure the ART is opened and checked within 24 hours of delivery.

TREAT THIS ART WITH CARE & LOVE & THE CUSTOMER ALSO WILL. WE THANKYOU FOR YOUR ORDERS.
